

BS-filter

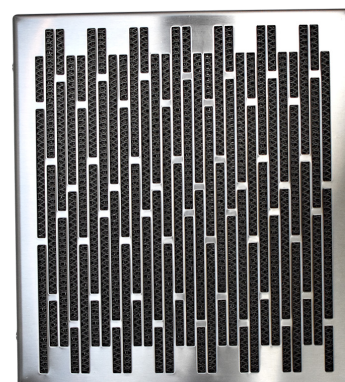

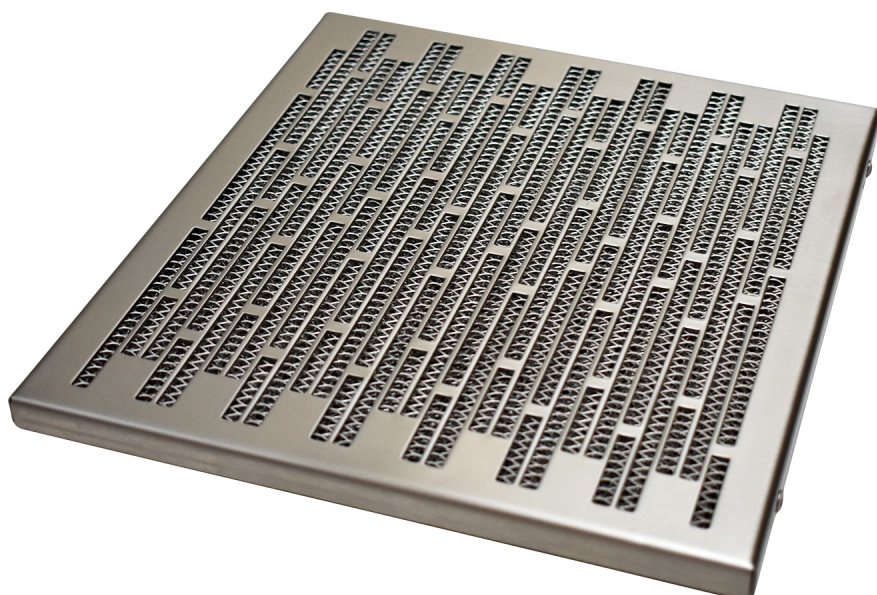

BS-filter anvendes til fedtudskilning i bolig- og storkøkkenemhætter. Rammen er i rustfrit stål og filteret udføres i strækmetal i aluminium.

Lagerføres i følgende dimensioner eller fremstilles på specialmål:

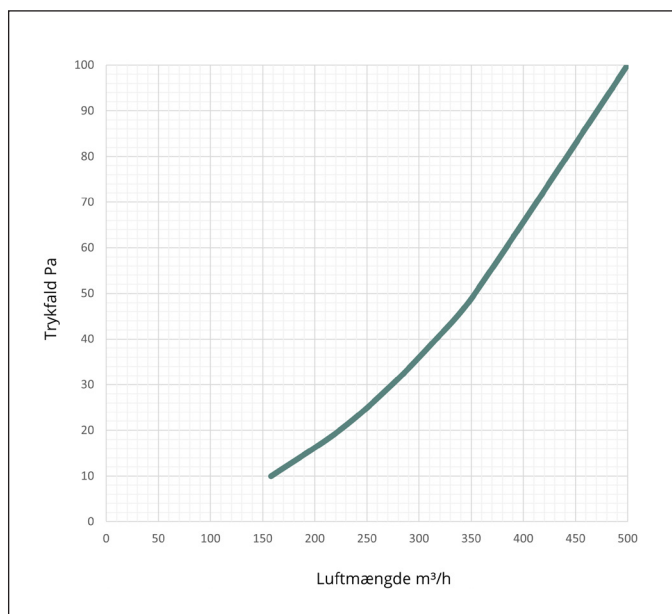

| | B | L | H |
|---------|--------|--------|-------|
| Model A | 225 mm | 250 mm | 14 mm |
